Concerning F2D Combat:

Apart from the new fuel rule there are also two things that concern mechanics. First, each pilot may now name a designated mechanic and his name will be put in the result list as well. These names will be collected on the processing day.

Second, to make it easier for incomplete teams (i.e. teams with 1 or 2 pilots) to take part these teams can now share mechanics. Mechanics for incomplete teams can register in a "Mechanics pool" and be used by the incomplete teams. Pilots in incomplete teams cannot register in the pool. The same is valid for mechanics working for complete teams. They can't register in the pool. .

If you have questions about these rules please contact the organiser or the judges.

Mechanics (of any nationality and not registered for a complete team) may write to the organiser and register for the mechanics pool. To be able to do this they must possess a valid FAI Sporting License.
